"ALL PAKISTAN" FIRST ESTIMATE OF RAPE AND MUSTARD CROP FOR THE YEAR 1958-59

No. F. 1-13/58-59/AF&S.—The first estimate of the area under Rape and Mustard crop for the year 1958-59 is 1,764,000 acres as against 1,766,000 acres reported in the corresponding estimate of the previous year and shows a nominal decrease of 0.1 per cent. The revised acreage reported in the final estimate of the last year was 1,808,000 acres.

With the exception of former Punjab and East Pakistan there has been a general decrease in the acreage under this crop which is attributed partly to

unfavourable weather conditions, lack of timely rains and partly to increase in area under Wheat crop as a result of "Grow More Food Campaign" launched by the Government. The increase in area under the crop in East Pakistan and former Punjab is due to high price of Mustard oil, timely supply of seeds by Agriculture Department and propaganda of Departmental Staff to Grow More Mustard.

The province-wise statement showing the area of this crop is given below:—

"All Pakistan" First Estimate of Rape and Mustard crop for the year 1958-59

Province	Area in '000' acres		Increase (+) Decrease (—) in per cent.
	1958-59	1957-58	
West Pakistan	1,278	1,328	(—) 3.8
East Pakistan	486	438	(+) 11.0
