		(i) All members of the Subordinate Educational Service in the Government Institute of Arts, Dacca.
		Note—A candidate must have a minimum continuous service of 7 years in the same cadre to become eligible for promotion.
		Age—No limit.

SCHEDULE II.

Regulations as to the Physical Examination of Candidates for direct appointment to the East Pakistan Junior Educational Service.

(*See* rule 10.)

General Physical requirements.

I. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performances of his duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth—

Age.	Height without Shoes.		Chest measurement on full expiration.	Chest measurement on full inspiration.
	Inches.	Inches.		
21 and upwards	under	65	30	32
	65 and under	68	31	33
	68 and under	70	32	34
	70 and under	72	33	35½
	72 and upwards		34	36½

Provided that in the case of candidates over the age of 35 years expansion of the chest on inspiration should be adequate but not subject to any definite standard.

III. **Measurement of Chest**—The candidate will be made to stand erect with his feet together and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades and its interior lower edge the upper part of the nipples. The arms will then be lowered to hand loosely by the side and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape will be carefully gathered in during the process and when the minmum measurement is reached it will be recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. In all doubtful cases the functional capacity of the lungs may be tested by means of the spirometer. The minimum vital capacity as tested by the spirometer shall in no case be below 180 cubic inches.

IV. The hearing must be good.

V. The speech must be without impediment.

VI. The teeth must be in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

VII. The chest must be well formed, the lungs and heart sound.

VIII. Rupture, hydrocele, varicocele, varicose veins in a severe degree or other conditions likely to cause inefficiency will disqualify a candidate unless such condition is cured by operation. Where any candidate has been rejected and has subsequently undergone one or other operation for hernia, hydrocele, varicocele or varicose veins, the Board may pass him provided they are satisfied that the candidate has been radically cured.

IX. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

X. A candidate must have no congenital malformation or defect likely to interfere with his efficiency.

XI. A candidate must not be subject to chronic skin disease.

XII. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

XIII. Blood pressure shall be taken in all cases.

XIV. In the matter of the correlation of age, height and weight of candidates, it is left to the Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates.

Standard of minimum acuteness of vision required for appointment in the East Pakistan Junior Educational Service—

Better eye.	Worse eye.
$\text{Vision} = \frac{6}{6}$	$\text{Vision} = \frac{6}{12}$

after correction with glasses, provided there are no morbid changes present in the choroid or ratinæ.

2. No candidate will be accepted whose visual Acquity falls below the following standards :

	Better eye.	Worse eye.
Distant vision without glasses	6/60	6/60
Correct with glasses	6/6	6/12
Near vision with or without glasses ...	J1	J2

3. (1) Candidates with hypermetropia may be admitted provided the acuteness of vission is—

Better eye.	Worse eye.
$\text{Vision} = \frac{6}{6}$	$\text{Vision} = \frac{6}{12}$

after correction with glasses.

(2) No candidate shall be accepted for appointment if his vision does not come up to the requirements specified in this paragraph without the use of contact glasses.

Note—The expression "contact glass" used in this paragraph means a glass shall, the concabality of which is in contact with the globe of the eyes a layer of liquid being interposed between the lens and the cornea, and the expression "glasses" used in this and other paragraphs is to be interpreted as not converting contact glasses.

4. In cases of defective vision due to nebula of the cornea, the candidate will be rejected.

5. Squints or any morbid conditions subjects to risk of aggravation or recurrence in either eye may cause rejection of a candidate.

6. Colour vision need not be taken into account.

Form of Medical Certificate for candidates for Direct Appointment to East Pakistan Junior Educational Service.

The attention of the Medical Board is specially directed to following:

No person will be deemed qualified for admission to the service who shall not satisfy the Provincial Government that he has no disease, constitutional affection or bodily infirmity, unfitting him or likely to unfit him for the service. It should be understood that question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service and that the rejection of a candidate need not be advised on account of the presence of a defect which is only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been previously pronounced unfit for Government Service by any duly constituted medical authority in Pakistan or elsewhere.
