DEPARTMENT OF MARKETING INTELLIGENCE AND AGRICULTURAL STATISTICS

Rawalpindi, the 4th June 1964

"ALL PAKISTAN" FINAL ESTIMATE OF "OTHER KHARIF PULSES" (VIZ., MASH-KALAI, GARI-KALAI, MUNG, COWPEAS, LONG BARBATI ETC.), RELEASED BY THE DEPARTMENT OF MARKETING INTELLIGENCE AND AGRICULTURAL STATISTICS.

INo. MI|AS-MC(7)|64.—Area.—According to the final estimate for the year 1963-64, the total area under other Kharif pulses (viz., mash-kalai, gari-kalai, mung, cowpeas and long barbati of East Pakistan grown during Kharif season) has been estimated at 143,300 acres against 141,900 acres estimated last year (1962-63). The area has, thus, registered an insignificant increase of 0.9 per cent over the final estimate of the last year.

In East Pakistan, the area decreased by 7.6 per cent despite of an increase of 46.2 and 62.5 per cent observed in Rajshahi and Khulna divisions respectively.

In West Pakistan, the area increased by 2.1 per cent. The increase in area was shared by Peshawar, Rawalpindi and Sargodha divisions. The increase in

these divisions is reported to be due to some localised rains and normal canal water supply during the sowing period coupled with scarcity of rains.

Production.—The production of "other Kharif pulses" for the year 1963-64 is estimated at 26,300 tons against 24,800 tons during the preceding year. It has thus, registered an increase of 6.0 per cent.

In East Pakistan, the production decreased by 8.5 per cent. This decrease is attributed to damage caused by cyclone which swept over certain districts combined with decrease in area.

West Pakistan showed an increased production to the extent of 9.5 per cent. The increase was shared by Peshawar, Rawalpindi and Sargodha divisions, which may be attributed to corresponding increased acreage, and normal rains and canal water supply. Successful control of pests and diseases also contributed towards increased production. In other divisions, the production declined due to scarcity of rains.

A statement showing the divisionwise area and production is given on next page.

"All Pakistan" final estimate of "Other Kharif Pulses" (viz. Mashkalai, Gurikalai, Cowpeas and Barbati etc.) for the year 1963-64.
